

Leaders Club International

move the food service planet

Leaders Club International is an **international foodservice network** for innovative restaurateurs, their industrial partners, suppliers and service providers. It associates the expertise of national Leaders Clubs, created by restaurant managers all over the world.

We offer a **multilateral international platform** for communication and networking, while continuously identifying and promoting **new trends** in the profession.

OUR EVENTS

A unique event

Every year **national Leaders Clubs** award the most innovative restaurant concepts during an official award ceremony, which represents one of **the most remarkable events in the foodservice industry**. The nominated candidates are presented through a three-minutes video. The audience votes the most innovative newly opened concepts. The winners are awarded with Golden, Silver, Bronze Palm and benefit from enhanced visibility.

The winners of national awards then face each other during **International Leaders Club Awards** in an exciting and entertaining international competition.

An exciting discovery

Leaders Club International is the ideal platform to identify and discover **innovative restaurants, trendy hotspots and new concepts** worldwide through international TrendTours, which are regularly organized in various cities.

Besides organising TrendTours, Leaders Club International participates to **international fairs, conventions, exhibitions and meetings** to get the latest insights on the foodservice scene.

A learning experience

International keynote speakers, local heroes, educational workshops, master classes, success stories, latest trends in the gastronomy business. International Exchanges are enriching opportunities to keep your knowledge up to date, increase **international contacts** and **networking** among qualified business professionals.
